Restaurants

Seagrove Village Market

- Great casual dining space especially for lunch
- I love getting t-shirts from here - super nostalgic spot for just awesome seafood that is unfussy

The Bay

- Bayview restaurant with amazing dinner options and brunch
 - Takes reservations. Definitely place one or you may not get in
-

-
- Across the way is Farm & Fire Pizzeria which has similar views and also takes reservations, although I've never eaten here personally

Louis Louis or Red Bar

- Funky joints with amazing food on a small rotating menu. Highly recommend the crab cakes!
- Red Bar is a little more lively while Louis Louis is more family friendly
- Traditionally has been cash only

The Great Southern

- Awesome Southern eatery right in the middle of Seaside
- Usually a long wait, very popular but delicious

45 Social Sushi & Wine Bar

-
- Fun outdoor, casual dining with amazing sushi and paella nights on Sundays and Wednesdays

Blue Mabel

- Amazing brunch! Really unique menu items and bottomless mimosas

Blue Mountain Creamery

- Traditional spot for ice cream. Often has a long line at night, so try to go in the afternoons

- Great breakfast joint. Multiple locations!

Shunk Gulley

- One of the best views of the beach while eating and always has live music

Local Catch

- Great lunch or dinner spot with traditional seafood dishes with a twist

The Hub or Seaside Food Trucks

- Lots of great outdoor seating in both locations

Bud & Alleys and Bud & Alleys Pizza Bar

- Great go-to in Seaside. We love to get a pizza to go here!
-

Pickles

- If you need a yummy burger and fries, this place is hard to beat!

Old Florida Fish House

- This restaurant is all about the atmosphere. Strung up lights and outdoor seating with a cool view of the lake.

Things to Know

- Seaside does charge for parking now (\$15 per car). So be sure to walk, ride bikes, or take your golf cart there.
 - Golf cart rentals available. Any road that is 35 mph or less allow golf carts.

Communities

Rosemary: high end, beautiful community at the end of 30A. Great little shops, reminiscent of old Southern towns but with an Italian style.

Alys: Very high end area with beautiful style and “green” eating.

Seagrove: Older more rustic area, beautiful beaches.

Seaside and Watercolor: High end area perfect for walking around, great shops. Most people love to get a Seaside shirt, get a pic in front of the adorable post office, and iconic palm trees around the horseshoe, and my favorite stores are Sundog Books and The Art of Simple.

Watercolor amenities require you to be a resident or guest, but drive this community and enjoy the hiking trails. You can also eat at FOOW, the resort restaurant that overlooks the water.

Grayton and Blue Mountain Beach: Both of these beaches are more hippie style beaches and low key.

Santa Rosa: Super family friendly area, love the little art shops. Really easily accessible beach access here at Ed Walline Public Beach Access, we really like to do family beach pics here at sunset.
